

Dear Dr. Mislter,

1/8/14

Thank you for helping my foot.
I am a gymnast and it bothered
me very much when I was
running. Your advice was great
and helped me tremendously.

I know I was a little nervous
at first but that was only
because I have never had
a wart before. Without you I
would never have gotten rid of
it! It was also the information
about how to avoid warts that
helped alot because I don't
know how I would survive
with two warts!! Thanks again,

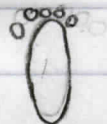

Ma^{*} Listokin^{*}
